**DETAILED ACTION**

1. This is in response to a letter for patent filed on March 26<sup>th</sup>, 2001, in which claims 1-18 are remained, and new claims 19-22 have been added. Therefore, claims 1-22 are pending in the letter.

The rejection to claim 1 under *35 U.S.C 102(e)* as being anticipated by **Grob *et al.*** (U.S. Pat. No. 6,356,806 B1) is **maintained**.

2. The indicated allowability of claims 9-13 is withdrawn because new matter has been introduced into the claim. See rejections based on new matter bellow.

3.

***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-22 are rejected under *35 U.S.C. 112, first paragraph*, as containing subject matter which **was not described in the specification** in such a way as to reasonably convey to

one skilled in the relevant art that the inventor(s), **at the time the application was filed**, had possession of the claimed invention.

In regard to claims 1, 9 and 21, "said control device providing a power signal to said manipulator" is not in the specification;

Dependent claims not specifically rejected are rejected as being dependent upon a rejected base claims.

*Conclusion*

5. Applicant's arguments filed 08/14/2002 have been fully considered but they are not persuasive.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

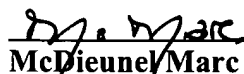

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
